Dear Mr. Suh:

In reply to your letter of April 9, 2007, the analysis of samples will take place commencing at the LNDD at 9:00 am on April 16, 2007. Your observers should appear at the LNDD building shortly before that time. Please let me know if they need directions. I am waiting to hear back from Dr. de Ceaurriz on the anticipated end of testing for each day. He previously advised me that he anticipates that testing will be completed by approximately noon on Sunday.

Sincerely,

Richard Young
